

**New for 2021...** All single facility licenses include online access for up to 10 households. This is a value-added benefit for those that prefer to exercise from home or because of Covid-19 restrictions or facility closures. This online version of Geri-Fit can also be started now even though facilities are still closed to the public. This virtual license plan also offers tracking results for periodic reporting to show participant engagement, retention and self-efficacy. Please [contact us](#) for more info or view the link below!

*Looking for online options?*

*Consider [Geri-Fit Online](#) our new in-home senior fitness program! Exercise at home from any computer, cell phone, TV or tablet! No zoom meetings... no set time to log in. Exercise any time of day or night to Geri-Fit.*
